Non fungible beers is an art project with the purposes of having fun but also creating a community of holders interested to my other projects [with rewards] that are incoming.

Launch price: 5 MATIC

This collection has been created by me, Leonardo Magnani and my girlfriend, during a quarantine due to covid positivity that gave me a lot of time to think and a lot of time to drink beer, I hope that you will enjoy my collection.

I'm a product designer, craftsman and woodworker, I'm born in Rome, Italy. I do a lot of projects with wood, plexiglass and others materials and I love to handcraft things.

If interested in this project you can check the link below.
